Here's to Hi,

Welcome to your meal plan! On the next pages, you will find the customized plan I have created for you, along with an itemized grocery list and delicious recipes.

Grocery List Tips

I have included a full grocery list that outlines the ingredients you will need to follow this meal plan. Before you head out to do your shopping, take some time to go through the list and check off any items you already have. This will save you time and money!

Shopping Tips

The grocery list is organized into categories based on how a typical grocery store is laid out. This will allow you to do your grocery shopping in an organized order starting with fruits, then vegetables, etc. Doing your shopping this way will save you time.

Recipe Tips

Every recipe states the total number of servings and the total prep time so that you know how many servings the recipe creates, and how long it will take you to make it. Before you start cooking, assemble all ingredients and prep them according to the ingredients list. Unless otherwise indicated, you will be eating one serving of each meal. So if a recipe serves four, prepare it, divide it into four even portions and enjoy one portion.

Leftovers

You'll notice that some meals on the plan are shaded out. This means that the meal has been marked as a leftover. You've already prepared it, so you do not need to make it again. Cook once, eat multiple times. Leftovers are a great way to save you money and time in the kitchen!

- 2 In the bottom of your slow cooker, add the remaining olive oil and oregano. Add in the crushed tomatoes, sea salt and black pepper. Mix well and then submerge your turkey meatballs into the sauce.
- 3 Very carefully cut your spaghetti squash in half lengthwise, and scoop out the seeds. Place it flesh-side up in the tomato sauce. No need to submerge it in the sauce. (Note: If the spaghetti squash is too big to fit into the slow cooker, cut it into quarters.) Set your slow cooker on low for 6 hours or on high for 4 hours.
- 4 Before you are ready to eat, use tongs to lift the spaghetti squash out of the slow cooker. Use a fork to scrape out the flesh into a sieve/strainer (or onto a layer of paper towel) and let the excess fluid drain off.
- 5 Divide the spaghetti squash between plates and top with meatballs and tomato sauce. Enjoy!
